

LASIK makes life easier.
where you LASIK™
just got easier too!

\$600 SAVINGS on LASIK

Usual LASIK Price: \$2495 per eye
VCD Price: \$2195 per eye

LASIK (Laser-Assisted In Situ Keratomileusis) is the most common elective vision procedure in the U.S., and one of the most popular forms of elective surgery in America. For most patients with myopia (nearsightedness), hyperopia

(farsightedness), or astigmatism, LASIK provides a permanent alternative to glasses or contacts. The procedure usually takes less than 15 minutes and recovery time is typically very rapid, often resulting in 20/20 vision or better.

You'll love **LASIK** at
nJoy Vision.
Technology with a human touch.

At nJoy Vision, our physicians are among the most celebrated and respected in the country, and they use only the most advanced laser technology available - the iLASIK platform, which combines the Intralase Femtosecond laser with the VISX Star S4 IR excimer laser.

This market-leading technology has been used in over 10 million procedures, and offers the fastest and most precise LASIK experience possible. That means less recovery time and less time away from work.
