The Dean McGee Difference

Custom LASIK for All Patients – Using cutting-edge iDESIGN technology, and the most advanced lasers, we provide each of our patients with personalized, custom LASIK at a price equal to or below what others charge for standard LASIK. Why pay more for less?

Personal Interaction with Your Surgeon – To better understand your individual needs, the same surgeon will evaluate you to determine if you are a candidate, perform your surgery, and provide follow-up.

No Shortcuts! – Your eye health is our #1 concern. We do not cut corners. We help set the standard in eye care and provide the most thorough exam possible to ensure there are no issues that could jeopardize your vision. You can have confidence we will do things right the first time.
